EDITED BY  
ROBERT EDGRENCUBS LOOK LIKE  
BETTER TEAM THAN  
THE DETROIT TIGERS

Tiger Outfield Is Only Place That Detroit Has Advantage of Chicago—Pitching Staffs Are Evenly Matched.

BY BOZEMAN BULGER.

WHILE nobody can question the gameness or fighting ability of the Detroit Tigers, it must be admitted that the Cubs have the best of them on form. The Tigers are better with the stick and in the outfield. Chicago's infield has it all over the Tigers, and so have their catchers. The pitching staffs even up fairly well, with the advantage a trifle in the Cubs' favor. Gameness counts for much in important games, however, and it is well known that the Tigers have never been known to quit.

When Jennings and his club journeyed to Chicago to play the White Sox the final game for the pennant, the Chicanos blew up while the Tigers kept hammering away at the ball. They won that victory in an cut style when they made the same thing to the Cubs.

In the hitting department the Tigers will put the job in to "Wild Bill" Donovan in the opening, and it is likely that he will reach at least three of the games, unless Calango wins two or three at the start.

Reubin Opposes Him.

The man to oppose Donovan will probably be Reubin today as Brown will be seated up until he has rested after his game against the Giants. There is little to choose between Brown and Donovan, though "Wild Bill" is somewhat stronger than Reubin. If the Tigers get hot after Reubin, he is liable to hit the ceiling, which could never stand the likes of the Octopus in Chicago and the better catcher in King. He is naturally a better backstop than Sennett and the Detroit man is further handicapped by a dislocated finger. Both are fairly good hitters.

At first base the Cubs have much the better man. Chance can hold out until outfield Russian and he is a faster and outlast Russian and he is a faster man on the bases. Russian, however, led the Detroit Club in hitting during the last two seasons.

As a final factor outclasses Downs in the matter of hitting and natural gameness.

At shortstop Tracy is a better man than O'Leary. The latter is a spunky little fellow, but in that respect he has nothing on Tracy. There is not a plainer man living than the Chicago shortstop, and he can also outlast O'Leary. Bush would lay at short for Detroit, but he is buried under the rule that prohibits any player participating in the world series who joined a club after Aug. 11 of the living season.

At third base Sennett and Schaefer are both good players. In the records Schaefer is the better hitter of the two, I

Tigers Outclass Them.

That dispose of the infield and shows that the Cubs are very much stronger. Their infield can both outfit and outfit the Tigers. In the outfield, however, the Tigers have it on them. It would be pretty hard to find an outfield

MONAGHAN MEN HOLD  
MEET AT WAKEFIELD

BY JOE TRACEY.

America's Champion Auto Driver in Vandy's Cup Race.

ONE of the most interesting features of the Vanderbilt cup course, and one little thought about by others than the drivers, is the fact that the race today will be run left-handed. In other words, all the turns in the course are to the left, which is bound to confuse the most experienced of drivers, and may possibly lead to many accidents.

It is one of the laws of the road in auto driving that when passing a car going in the same direction a driver must turn to the left. In this race you can see how dangerous the result will be. On the courses, with which the Motor Parkway cement track abounds, all drivers will naturally hug the left-hand edge, for, as I said before, all turns, even the sharp ones, are to the left; the track running contrawise to the course of the sun.

**One Bad Double Turn.**

There is a bad double turn on the Jericho Turnpike, near the road leading off to Oyster Bay. Here the drivers strike the first turn after coming down the long grade on the fastest piece of road used for the cup course. The second turn, which is about 300 yards further on, has an obstructed view by a building on the corner, and the natural tendency to speed up must be checked for fear of accident by the "car ahead" and danger of running off the narrow road. In this there are different qualities of dangerous turns aside from that on a flat or hilly country. There may be, for instance, a wide road and sandbank on the outer edge or a dangerous stone wall.

**Crossing Is Dangerous.**

The most dangerous place on the course to my mind is at the Central Park crossing over the Long Island Railroad tracks. Here, besides the oblique crossing, there is an S turn, and on a down grade. The drivers will approach this crossing at a tremendous speed, as I got nearly 100 miles an hour out of a car on this cement track. A greater danger, however, is from rear-end collisions, particularly at some of the many viaducts, for there is only one grade crossing on the entire course.

The viaducts are well constructed, but in taking them a driver will naturally speed up to get the shot over. As a car leaves the tangent the rear wheels are for a moment off the ground, and the car wiggles so that momentary control is lost, and to add to the danger a tire

HARVARD TO HAVE  
SHRUBB AS COACH.

Harvard intends to figure once again in the college track world and take her place in the front rank among the collegiate runners.

Of late the Crimson has gone back, especially in cross-country running. To overcome this the Crimson Athletic Association has secured the services of Arthur Shrub, the great English runner, and he will start a training camp at once.

BOWLERS LIMBERING UP  
FOR THE CHAMPIONSHIPS.

FIVE HUNDRED bowlers are expected to be on the foul lines at Stever's & Lorken's Riverside, Allerton, One Hundred and Twenty-fifth street. Monday night is the day of the most important bowling competition of the year. "Count" Olzogau will play, and the tournament begins this evening. Twenty-one teams have entered, this being the only tournament in which six matches entries were received that eight were obliged to play.

There will be one change this year in the personnel of the famous old Roselle A. A. team. Athletic League champions and heroes of many a hard-fought tournament, "Count" Olzogau will play, and his place will be taken by Crum, who has developed into one of the best bowlers in New Jersey. "General Charles" Meyer will succeed to the captaincy, for with his long experience and personal popularity make him specially fitted.

One of the interesting features of the bowling season is the fact that while more new clubs are being formed than ever before, all the star bowlers of other years are being gathered into the leading organizations. This will give clubs like the Algonquins, Metropolitans and Cudahys a team in all the big events, but will still interest us to some extent in results, as the new clubs are afraid to enter against the seasoned bowlers.

All the members of the twenty-one teams in the Knights of Columbus tournament at the White Elephant will be on hand Monday evening, Columbus Day, when the first game will be called. There will be a series of prominent officials of the order and a lunch by Joe Thum.

A big match series between the Kn-K's

and Park Row Bowling Clubs has been arranged at the White Elephant all day Saturday afternoon. Two Greenmen teams will roll a test-tournament-of-threecame match for \$100 a side.

It is now plain "E-e-Yah!" and it most certainly gets the goat.

If the voice of Jennings is in fine fettle this afternoon a Chicago pitcher is liable to take the upward shot. With a man on base and a Detroit batter up, that queer shout of the Tiger chieftain will do more to get the runner on second than anything except a clear base hit.

The picturesque Jennings lifts one leg

Jennings's "Eyah!" Yell  
Helps Tigers to Win

"H-E-YAH!"—accent on both syllables.

That's the way Hughey Jennings, the irrepressible manager of the Detroit Tigers, got the famous yell which has sent more pitchers to the baseball tomb than any combination of words ever hurled from the coaching lines.

It is now plain "E-e-Yah!" and it most certainly gets the goat.

If the voice of Jennings is in fine fettle this afternoon a Chicago pitcher is liable to take the upward shot. With a man on base and a Detroit batter up, that queer shout of the Tiger chieftain will do more to get the runner on second than anything except a clear base hit.

CHICAGO MAN SAYS  
HUGHEY JENNINGS  
IS A PLAGIARIST.

Obviously miffed at losing to the Tigers in the deciding game of the series, a Chicago fan comes through with the statement that Hughey Jennings' "Eyah" is used identical in Kippling's "The Counting of Diana Shadd." He wonders whether Rudyard or Hughes "saw it first."

high in the air, whirls himself half around and lets out the sharp yell. It always gets the crowd going, and a vein of good humor can be seen running through the entire Detroit team.

Once he has gotten that "E-e-Yah!" off his chest Jennings reaches to the ground, pulls up a few blades of grass and then makes a sharp, shrill whistle. It took Jennings two months to develop that whistle and it was all on account of Dan Johnson, President of the American Legion. Hughey formerly used a policeman's or mail-carrier's whistle, but he was forbidden to carry it on the coaching lines. There was no league law to prevent a man whistling with his pipes, to Jennings set to work to cultivate one to suit himself and he picked

It is a popular fact that when Jennings loses his voice the Tigers lose games. The constant use of his vocal organ causes him to strain his voice to an attack of laryngitis, and when his voice grows silent the team begins to lose games. Of late he has taken no chances, and when the Cubs and Tigers hook up to-day he will be in excellent condition.

At the Long Acre A. C. Tommy Tracey and Paddy White will be the stars in the 10th annual meeting of the New York Brown Club, which will hook up with the Sharkey A. C. in the semi-final bout. Tracey and Paddy will be the main attraction between evenly matched boxers.

At the National A. C. of Brooklyn, there will be six bouts decided between boxers.

At the Clinton A. C. the star bout will be between Harry Mansfield and Al Greenwood. They will battle for six rounds. In the semi-final Joe Hyland will meet "Kid" Hanrahan.

Hart Robbed of Decision.

LEXINGTON, Ky., Oct. 10.—Marvin Hart, of Louisville, and "Big" Hubert of Lexington, fought twelve rounds to a draw yesterday before one of the biggest crowds ever witnessed at a boxing event in Kentucky. The decision was regarded by many as a draw, but it was necessary for a squad of policemen to enter the ring to prevent possible harm to James A. Doyle, the referee.

AMUSEMENTS.

## BELMONT PARK ENTRIES.

BELMONT RACE TRACK, N. Y., Oct. 10.—Following are entries for Monday:
